INSTRUCTION MANUAL

Model: YG491

Please read this manual carefully
before using the projector.

Important Safety Considerations

Attentions:

Thank you for purchasing this series of video projectors.

Please read through this User's manual for proper use of this product.

Friendly Reminder:

- ① Do not look directly into the lens while the projector is running, as strong light may damage your eyes.
- ② Do not block the air outlet to prevent the projector from cooling down because internal electronics are damaged.
- ③ Keep the projector and accessories out of the reach of children.
- ④ Please make sure that the working environment of the projector is dry and ventilated.
- ⑤ To prevent electric shock, please keep the projector out of the rain and away from moisture, It is recommended to switch off the projector after it has run for 6 hours non-stop.
- ⑥ Do not press hard on the projector, as it may damage the product.
- ⑦ Do not throw, hit, or shake the projector to avoid damaging the circuit board.
- ⑧ Any questions after receiving the projector, please contact us, we will quickly and correctly solve your problem within 24 hours and give you a satisfactory answer.
